

Mini FTTH Box 4

Description:

Mini FTTH Box 4 is a FTTH terminal box, made of ABS plastic, 1 inlet ports and 4 outlet ports, can be installed PLC splitter, suitable for indoor and outdoor wall or hanging rods use. It is available for the distribution and terminal connection for various kinds of optical fiber system, especially suitable for mini-network terminal distribution, in which the optical cables, patch cores or pigtails are connected.

Feature:

- Small size, light weight, high capacity
- Easy to installation;
- UV resistant and weather proof;
- Up to 4 drop cable;
- Industry Standard User Interface, be made of high impact plastic;
- 1 inlet port(for cables with max diameter 12mm), 4 outlet ports;
- Wall mounting or pole mounting ;
- Suitable for 4 pcs SC simplex adapters or 4 pcs LC duplex adapters ;
- Reasonable inner space design;
- Protect optical fiber;
- Realize FTTH(fiber to the desktop)system and provide users with optical access or data access;
- Used in FTTH indoor application, home or work area;
- ROHS compliance.

Specification:

Item	Characteristic
Dimension(L*W*H)	210x140x40mm
Cable Diameter(mm)	Φ 7~Φ 10
Adaptor	4XSC simplex,4X LC duplex
Color	white
Material	ABS
Net Weight	257g
Operation Temperature	-20oC to + 50oC
Cable Ports	1+4
Max Capacity of Splice	4(single fiber)
Protection Class	IP67
